***UMKC Essentials Recommended for these programs**

+ Emphasis areas are available but not required.

^ Students must choose an emphasis area.

General Education for Transfer Students:

All UMKC undergraduate students complete general education requirements. New incoming transfer students will have the option to elect either the UMKC Essentials or the Missouri Transfer (MOTR) Core 42 curriculum to meet general education requirements. To learn more about UMKC Essentials, visit <https://www.umkc.edu/provost/umkc-essentials/index.html>. For more details on MOTR Core 42, please visit - <https://dhe.mo.gov/core42.php>.

Transfer Students with a Completed Core 42, an Associate of Arts degree or a Bachelor's degree

- Students who complete the CORE 42 curriculum at a participating Missouri institution, an Associate of Arts (or select approved Associate of Science) degree from any regionally accredited institution, or a Bachelor's degree from a regionally accredited institution before transferring will have met all UMKC general education requirements.

Transfer Students with General Education Coursework in Progress

- Students transferring to UMKC without the completed Core 42 or Associate of Arts degree may have the option to complete either the UMKC Essentials or Core 42.

- Your advisor will review your transfer credits with you prior to the end of your first semester at UMKC to help you determine which general education curriculum best suits your degree plan and education needs.

- Transferring to UMKC from a Missouri two-year college? Did you complete at least 15 credit hours before transferring? You may be eligible to earn your associate's degree while working towards your bachelor's degree here at UMKC. Learn more about Missouri Reverse Transfer at <https://www.umkc.edu/transfer/transfer-credit/reverse-transfer.html>

Application of Previous Credit to UMKC Essentials Requirements:

Credit by Exam, Transfer credit, or Dual High School academic credit will apply to the UMKC Essentials program in a way that optimizes the student's prior educational experience. For full details, see

<https://catalog.umkc.edu/undergraduate-academic-regulations-information/general-education-requirements/>

- Credit related to Foundational course requirements (English Composition I, II, and Technical Writing; Mathematics, Oral Communication) will be based on a course-to-course equivalency evaluation and/or Core 42 MOTR course designation.

- Six (6) hours or more of credit for approved Core 42 courses within designated disciplines related to an Essential Questions (EQ) in Natural & Physical Sciences, the Social & Behavioral Sciences, or the Arts & Humanities will indicate that the student has met the Learning Outcomes of the EQ area and the requirement will be considered satisfied.

Degree Requirements for Transfer Students:

Catalog Year

Requirements and regulations for every academic program are provided in the [UMKC Catalog](#). Transfer students from community colleges and other universities are permitted to complete degree requirements in effect at the time of their enrollment as freshmen at a community college or university, so long as their enrollment was continuous from year to year (summer semesters excluded), programs have not been discontinued, and the program is not one of the following selective programs: Conservatory, Professional Teacher Education, Nursing Pre-Licensure. Students admitted into a selective program are required to complete catalog requirements for the term in which the student is fully admitted to the selective program. All transfer students may elect to complete degree requirements in place at the time they begin at UMKC as a degree-seeking student. Your advisor will work with you in your first semester to help you determine an appropriate catalog year for your requirements. For further details on UMKC's Catalog Year Policy, please visit <https://catalog.umkc.edu/undergraduate-academic-regulations-information/catalog-year-policy/>

Transfer Guides

UMKC values your previous college experience and strives to make your transition to our campus as easy as possible. Transfer Guides are detailed, undergraduate four-year course outlines that inform students on the classes they should take and when to take them at both their initial institution and upon transfer to UMKC. Transfer guides are built based on the optimal general education curriculum to create your shortest path to graduation from UMKC. To view UMKC's Transfer Guides, visit <https://www.umkc.edu/transfer/transfer-credit/transfer-guides.html>

All transfer students to UMKC from an accredited regional institution shall be treated the same as those transferring from a public Missouri institution of higher education.
